Team ID	NM2023TMID02250
Project Name	Project- Farmer Insurance Chain
Maximum Marks	4 Marks

DEMONSTRATION:

A project demonstration for a farmer insurance chain would showcase an integrated platform that combines state-of-the-art technology with personalized services to revolutionize insurance accessibility and coverage for farmers. This system would employ satellite imagery and weather data for risk assessment, offer tailored insurance policies, enable seamless claims processing through mobile apps, and promote agricultural best practices through a knowledge-sharing network, ultimately ensuring the financial security of farmers and the sustainability of their livelihoods.
